

BluePreferred 90/70 Benefit Summary

\$3,000 Deductible

An Independent Licensee of the Blue Cross and Blue Shield Association

COST SHARE		
Calendar-Year Deductible	<p>\$3,000 per member, \$6,000 per family</p> <p>Deductible must be met for all covered services unless otherwise stated.</p> <p>Copays, access fees, precertification charges and balance bills do not count toward the deductible.</p>	
	IN-NETWORK PROVIDER	OUT-OF-NETWORK PROVIDER ¹
Coinsurance This is a percentage members must pay for certain covered services after meeting the calendar-year deductible.	BCBSAZ pays 90% , member pays 10% (90%/10%) of the allowed amount for most covered services, after meeting deductible, unless a copay or different coinsurance percentage is indicated.	BCBSAZ pays 70% , member pays 30% (70%/30%) of the allowed amount for most covered services, after meeting deductible, unless a copay or different coinsurance percentage is indicated.
Calendar-Year Out-of-Pocket Coinsurance Maximums	\$2,000 per member, \$4,000 family.	\$4,000 per member, \$8,000 family.
How we calculate coinsurance and accumulations toward deductible and out-of-pocket coinsurance maximums	BCBSAZ calculates member coinsurance payments and accruals toward deductible and the out-of-pocket coinsurance maximums, based on the BCBSAZ allowed amount. We do not use a provider's billed charges. Only the member's coinsurance payment counts towards the out-of-pocket coinsurance maximums. Many cost share payments do not count toward the out-of-pocket maximums, including: deductibles, copays, access fees, certain other charges listed in the benefit book, precertification charges, amounts paid for noncovered services and noncontracted providers' balance bills. A member must continue to pay all these cost share amounts (other than the deductible) even after meeting the maximums.	
Physician Office Services Primary Care Physicians (PCP) include Family Practice, General Practice, Internal Medicine and Pediatrics. All other physicians are specialists. Deductible and coinsurance always apply to services rendered by radiologists and pathologists and to physical, occupational and speech therapy services.	<p style="text-align: center;"><u>Copay</u></p> <p>PCP: \$25</p> <p>Specialist: \$40</p> <p>Copay applies per member, per provider, per day for most covered services provided in a physician's office.</p> <p>90%/10% for other covered services, after meeting deductible.</p>	70%/30% after meeting deductible.
Preventive Services	BCBSAZ pays 100% of allowed amount for covered preventive services. Copays, deductible and coinsurance are waived. Preventive services are those services performed for screening purposes when the member does not have active signs or symptoms of a condition, and do not include diagnostic tests performed because the member has a condition or an active symptom of a condition. The combination of the diagnosis and procedure codes submitted by the provider determines whether a service is preventive.	70%/30% after meeting deductible for mammography and foreign travel immunizations; all other preventive services not covered.
Urgent Care	\$60 copay per member, per provider, per day at facilities specifically contracted for urgent care.	70%/30% after meeting deductible.
Laboratory Services	In a physician's office, BCBSAZ pays 100% ; physician office visit copay waived, if the only services a member receives during the visit are laboratory services. For all other diagnostic laboratory services, including pathologists, 90%/10% after meeting deductible.	70%/30% after meeting deductible.
Other Professional Services	90%/10% after meeting deductible. Other professional services include diagnostic, surgical and anesthesia services rendered outside the physician's office.	70%/30% after meeting deductible.
Outpatient Facility Services	90%/10% after meeting deductible.	70%/30% after meeting deductible.
Radiology Facility Services	90%/10% after meeting deductible.	70%/30% after meeting deductible.
Inpatient – Hospital	90%/10% after meeting deductible.	70%/30% after meeting deductible.

IMPORTANT INFORMATION

Allowed Amount: All claims are processed using the BCBSAZ "Allowed Amount." BCBSAZ reimbursement, member cost share payments, and accumulations toward deductible and out of pocket limits are calculated on the BCBSAZ Allowed Amount. The allowed amount is the total amount of reimbursement allocated to a covered service and includes both the BCBSAZ payment and the member cost share payment. It does not include any balance bill. The allowed amount is based on BCBSAZ or other fee schedules. It is not tied to and does not necessarily reflect a provider's regular billed charges.

Balance Bill: This is the difference between the BCBSAZ allowed amount and a noncontracted provider's billed charge. Any time you see a noncontracted provider, you are responsible for the balance bill.

Providers, claims, and out of pocket costs: This plan allows members to go to in and out-of-network providers. Network providers are independent contractors exercising independent medical judgment and are not employees, agents or representatives of BCBSAZ. BCBSAZ has no control over any diagnosis, treatment or service rendered by any provider. In-network providers will file members' claims and generally cannot charge more than the allowed amount for covered services. Members have lower out-of-pocket costs for covered services when they use in-network providers. Noncontracted providers can charge members full billed charges, which will include the difference between the BCBSAZ allowed amount and the provider's regular billed charges ("the balance bill"). Members are responsible for paying up to a noncontracted provider's billed charges for covered services, even though BCBSAZ will reimburse members' claims based on the allowed amount, less any deduction for the member's cost share portion. Any amounts paid for balance bills do not count toward deductible, coinsurance or any out-of-pocket coinsurance maximum.

EMERGENCY SERVICES: For emergency services, you will pay your in-network cost share, even if services received are from out-of-network providers. If you receive emergency services from a noncontracted provider, you will also be responsible for the balance bill, which may be substantial.

Precertification: Some services and medications require precertification. Except for emergencies, urgent care, and maternity admissions, precertification is always required for inpatient admissions (acute care, behavioral health, long term acute care, extended active rehabilitation, and skilled nursing facilities) and specialty injectable medications. Precertification may be required for other covered services and medications. The member is responsible for making sure his or her physician obtains precertification approval if it is required. If precertification is not obtained, the member's benefits may be denied or the member may be subject to a precertification charge. Information on precertification requirements, including a list of medications that require precertification, and the process for obtaining precertification is available on the BCBSAZ Web site at azblue.com or by calling BCBSAZ at (602) 864-4273 or (800) 232-2345, ext. 4273.

Medications and Prescriptions

- When the price BCBSAZ pays an in-network pharmacy for a medication is less than the member's cost-share, some pharmacies will charge the member the BCBSAZ price. However, most pharmacies will charge the member the retail price (if also less than the cost-share), rather than the BCBSAZ price. The member will not be required to pay more than the applicable cost-share for covered medications at an in-network pharmacy.
- BCBSAZ applies limitations to certain prescription medications obtained through the retail and mail order pharmacy benefit. A list of these medications and limitations is available online at azblue.com or by calling BCBSAZ. These limitations include, but are not limited to, quantity, age, gender and refill limitations. BCBSAZ prescription medication limitations are subject to change at any time without prior notice.

Preexisting Conditions

AN 11 MONTH WAITING PERIOD FOR PRE-EXISTING CONDITIONS MAY APPLY FOR MEMBERS AGE 19 AND OLDER. A pre-existing condition is defined as a condition, regardless of the cause of the condition, for which medical advice, diagnosis, care or treatment was recommended or received during the six (6) month period immediately preceding the member's enrollment date. A condition exists when the subscriber had signs or symptoms, whether or not a specific injury, illness or disease is diagnosed. For purposes of determining a pre-existing condition and pre-existing condition waiting periods, enrollment date means the member's effective date of coverage under this benefit plan or the first day of the group's eligibility waiting period, whichever is earliest. **IMPORTANT:** Pregnancy is not considered a pre-existing condition. Credit will be given for periods of prior creditable coverage as long as there was no period of sixty-three (63) days or more (excluding the employer group's eligibility waiting period) during which a member was not covered under any creditable coverage. Creditable coverage includes the following: coverage provided under a group health plan (insured or self-insured), an individual insurance policy, Medicare, Medicaid, a federal or state public health plan, a health risk benefits pool, TRICARE, the Peace Corps, a Bonafide Association, Indian Health Services, the Federal Employee Health Benefits Plan or the State Children's Health Insurance Plan. Members have the right to demonstrate to BCBSAZ that they have had prior creditable coverage by providing a Certificate of Creditable Health Coverage or other documentation of such coverage. BCBSAZ can calculate creditable coverage prior to member's effective date upon request. Please call our Membership Services Department at (602) 864-4456 or (800) 232-2345, Ext. 4456 for additional information.
